2021 List of Drugs (Formulary) Changes Absolute Total Care (Medicare-Medicaid Plan)

On January 1, 2021, some drugs will no longer be covered the Absolute Total Care (Medicare-Medicaid Plan) Formulary. To assist our providers, we have included the list below of the most commonly prescribed drugs being removed along with the drug's 2021 Formulary alternative(s). Please refer to the list to identify the appropriate options for your patients.

Product Name	Formulary Alternative
Ajovy	Aimovig, Emgality
Esomeprazole Magnesium Susp Pack	Esomeprazole Caps, Lansoprazole Caps, Omeprazole Caps
Humalog Mix, Humalog Mix Kwikpen	Novolog Mix 70/30, Novolog 70/30 Flexpen
Humalog, Humalog Kwikpen	Novolog INJ, Novolog Flexpen, Fiasp, Fiasp Flextouch
Humulin 70/30, Humulin 70/30 Kwikpen	Novolin INJ 70/30, Novolin 70/30 Flexpen (Note: brand RELION not covered)
Humulin N, Humulin N Kwikpen	Novolin N INJ U-100, Novolin N Flexpen (Note: brand RELION not covered)
Humulin R	Novolin R, Novolin R Flexpen (Note: brand RELION not covered)
Lantus, Lantus Solostar	Basaglar, Levemir, Tresiba
Lokelma Susp Pack	Sodium Polystyrene Oral Sulfonate Susp, Sodium Polystyrene Sulfonate Powder
Toujeo Solostar, Toujeo Max Solostar	Basaglar, Levemir, Tresiba
Travatan Z	Travoprost 0.004%, Latanoprost Sol 0.005%, Lumigan Sol 0.01%, Bimatoprost 0.03%
Tudorza Pressair	Spiriva

If you determine that it is necessary for your patient to continue to receive the non-Formulary drug in 2021, you will need to submit a Coverage Determination Request on or after **December 1, 2020**.

Request forms are located on our website at mmp.absolutetotalcare.com or you can call to request authorization.

If you have any questions, please contact Medicare Pharmacy Services at 1-800-867-6564.
