

**Absolute Total Care, Ambetter from Absolute Total Care,
Wellcare Prime by Absolute Total Care
Cardiac Expansion Program
Provider Education Webinars**

In an effort to continue promotion of quality improvement for services provided to Absolute Total Care, Ambetter from Absolute Total Care, and Wellcare Prime by Absolute Total Care (MMP) members, effective November 1, 2022, the aforementioned health plans are expanding their existing partnership with National Imaging Associates, Inc. (NIA) to provide the management and prior authorization of non-emergent outpatient procedures. This decision is consistent with industry-wide efforts to ensure clinically appropriate quality of care and to manage the increasing utilization of these services.

Services managed and authorized by NIA include outpatient:

- CT/CTA
- MRI/MRA
- PET Scan
- CCTA
- Myocardial Perfusion Imaging (MPI)
- MUGA Scan
- Echocardiography
- Stress Echocardiography
- Transthoracic Echocardiography (TTE)
- Transesophageal Echocardiography (TEE)
- Left Heart Catheterization
- Cardiac Implantable Devices (defibrillator, pacemaker)
- Physical Medicine (Physical, Occupational and Speech Therapy)

NIA welcomes providers to attend an upcoming provider education webinar on the NIA Cardiac Expansion Program prior authorization process. There will be several one-hour webinar sessions that will take place on the following dates. You will only need to attend one of these educational sessions.

All Health Plan approved training/education materials are posted on the NIA website, www.RadMD.com. For new users to access these web-based documents, a RadMD account ID and password must be created.

To get started, simply go to www.RadMD.com, click the New User button and submit a "RadMD Application for New Account." Once the application has been processed and a password link delivered by NIA via e-mail, you will then be invited to create a new password. Links to the approved training/education documents are found on the My Practice page for those providers logged in as an Imaging Facility and among the RadMD Menu Options for those logged in as Ordering Physician. If you are an Imaging Facility or Hospital that performs imaging exams, an administrator must accept responsibility for creating and managing all logins to RadMD. Your RadMD login information should not be shared.
